FIG. 4

1. The first step is to identify the problem or question that needs to be addressed. This involves understanding the context and the specific requirements of the task.

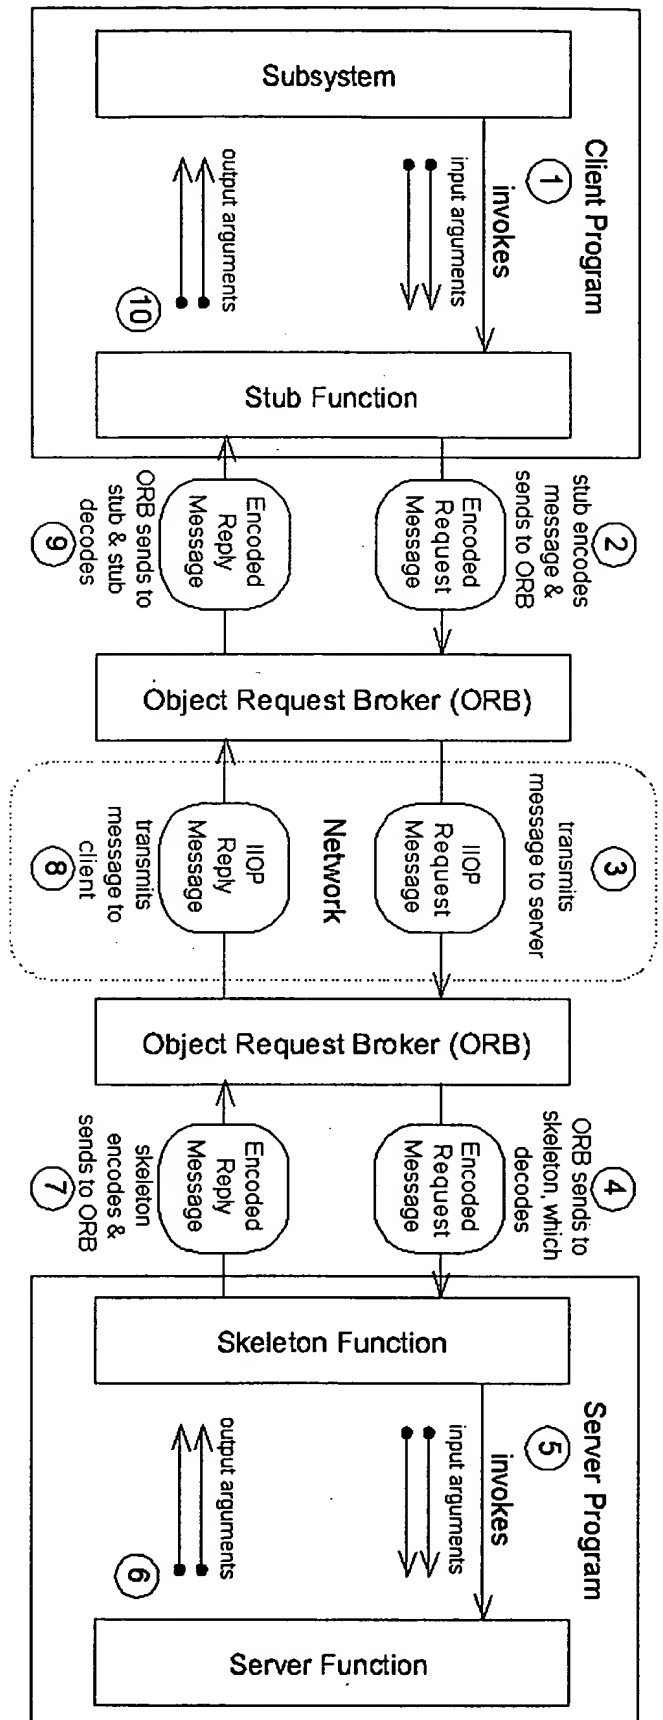

FIG. 6

Fig. 7

On the other hand, the fact that the number of people who are not in the labor force is increasing is a sign of a healthy economy. It means that people are not working because they are not interested in working, but because they are not able to find work. This is a sign of a healthy economy.
